Experience

Graphic Designer - Executive & Visual Communications

Aug 2025 - Present

Cisco (Contract) | Milpitas, CA

- Serve as the designer within the CMO Office, supporting the SVP/CMO and senior leadership with executive-ready decks and visual narratives for high-visibility initiatives.
- Own the design and production of communication assets for company-wide forums—including All-Hands, leadership briefings, and strategic update meetings—helping clarify priorities for large internal audiences.
- Support the visual direction and slide system for WebexOne 25, AI Summit, ENCAB, Cisco Live EMEA, InfoComm keynotes, creating motion-ready layouts, and cross-functional frameworks adopted by product and marketing teams.
- Translate complex data, KPIs, and business narratives into clear visual systems that make information easier to present, discuss, and act on at the leadership level.
- Develop and maintain design systems, reusable templates, and content-frameworks that increase consistency and reduce turnaround time for executive communications.
- Partner with product, marketing, communications, and analytics leaders to structure messages and align narrative flow across high-stakes presentations.

Graphic Designer

Jr. Graphic Designer

Feb 2021 - Jun 2022

Graphic Design Intern

Aug 2020 - Jan 2021

Superbolt Agency | New York, NY

- Designed static, motion, and modular creatives to support growth campaigns across 20+ DTC brands in beauty, wellness, fashion, food/drink, and lifestyle.
- Collaborated with growth teams to iterate on campaigns using A/B and multivariate testing, refining creative based on CTR, CAC, ROAS, and audience behavior trends.
- Built funnel-specific assets for prospecting, retargeting, and conversion across paid social and lifecycle channels.
- Produced client-facing decks and testing recaps that turned performance metrics into clear visual stories for marketing and brand stakeholders.
- Contributed to brainstorms, documented design systems, and supported junior designers and interns on visual quality and testing alignment.

Social Media Executive

Nov 2015 - Mar 2016

China Network Television (Internship) | Beijing, China

- Managed social media content calendar, aligning posts with engagement trends and real-time user feedback.
- Boosted engagement rates by adapting visual formats and messaging to match platform algorithms and user behaviors.
